

Hello,

I have been involved in soccer in one form or another for over 40 years, be it a player / Ref / coach / DOC / league manager / consultant. Most of the time is has been in the South Central Ohio Area.

I wish to continue to represent the needs and desires of the soccer community in this area going forward into the future and with the new organization, OSA, the Ohio Soccer Association.

I believe with my multiple years of experience in all phases of the game with much of it in the Southern Ohio area that I can bring valuable knowledge to help grow the game in the area.

Thank you for your support.

Yours in Soccer,

George Sauer III

George Sauer III
