

OSA

**Developmental
League (OSDL)**

In Partnership with Nike

Philosophy

Philosophy

More Than a League!

- This is a five-year project ahead of the 2026 World Cup.
- League holistic approach with three main areas of focus;
 1. Change the culture with parents/spectators on the sideline
 2. Mentorship and education for coaches/clubs
 3. Develop and enhance referee education and retention

If we are successful with all three pillars, the intent is that the player experience will be significantly improved, driving player retention and growth for our local clubs in the league.

Rules

Structure & Rules

- **Bill Glaze (OSA Chief Technical Officer), Tom Turner (OSA Director of Membership Growth & Development) and Brad Evans (Coaching Education & Membership Development) will oversee the project**
- **Jessica Eberle (OSA Membership Services & League Management) will be the league administrator**
- **Focus on solving issues at the local level with the assistance of a leaguwide TAG (Technical Advisory Group)**
 1. **Rules – as few as possible! Simplicity is the key – the league is focused player retention, parent education and coach development**
 2. **Roster flexibility**
 3. **Home and Away commitment for games (or neutral site)**
 4. **TAG (Technical Advisory Group) will develop any additional items for league play in June**

Technology

Technology

Goal is to invest in and pilot new leaguwide technology to make the administrative process easier for clubs, teams and coaches.

Digital Player Cards and/or Game Day rosters are planned for Fall 2021.

- **No more lost cards**
- **Simplified game-day rostering process and roster flexibility within the club**
- **Red card tracking and player concussion monitoring are built in**
- **Future developmental items at the request of the TAG (Technical Advisory Group)**

- **OSA - Soccer Village Directors' package for all club DOC's each year**

Questions

Questions

1. What Districts will be invited?

This will be a league for teams located in the Columbus and surrounding areas – District 5 in OSA.

2. Will teams have designated home games?

Yes, the league is being set up as a home and away schedule. If distance is too great, or fields an issue, the league will facilitate a neutral site for games.

3. Will this be a self schedule system?

Yes – we want to provide as much flexibility as possible

Questions

4. What are the roster limits?

Not set at this time as we want to discuss with the TAG which will be formed in June and will consist of DOC's/coaches of participating clubs.

5. Will there be flexibility between rosters within the same club?

Yes – players will be able to move freely within a club to provide as much flexibility and player developments as possible.

6. What are the coaching requirements?

No coaching requirements. However, educational opportunities and mentorship will be made available to any coach, team or club this wants assistance

Questions

7. How will carding be done?

We are working with Demosphere to pilot and launch a Digital Player and Coach card for the fall. If successful, the goal will be to offer this option to all member leagues

8. What office or location will the league be managed from?

The league will be managed from both league OSA offices in Maineville and Brunswick
